

Big Apple Magnetic Fields Conference

Friday, January 25, 2019

Session 2 Mordecai Mac-Low: Chair - 2nd flr Auditorium (11:15 AM - 12:35 PM)

time	[id] title	presenter
11:15 AM	[27] Mohammad Safarzadeh: Constraints on magnetic fields from observations of dwarf galaxies	
11:35 AM	[28] Susan Clark: Modeling Polarized Dust Emission from the 3D ISM	
11:55 AM	[29] Noemie Globus: The role of Galactic magnetic field on cosmic-ray propagation	
12:15 PM	[30] Rocio Kiman: Finding age relations for low mass stars using magnetic activity and kinematics
