

2nd Workshop on Statistical Algorithms Challenges in Microbiome Data Analysis

Thursday, February 16, 2017

Technical Presentation: Longitudinal Analyses for the Human Microbiome: Statistical Challenges (10:30 AM - 11:05 AM)

-Conveners: Susan Holmes

Technical Presentation: Predictive and Interpretable Bayesian Models for Analyzing Microbiome Mime-series Data (11:05 AM - 11:40 AM)

-Conveners: Elijah Bogart; Georg Gerber

Technical Presentation: Measuring and Testing Linear Compositional Association” (11:40 AM - 12:15 PM)

-Conveners: Juan Jose Egozcue

Technical Presentation: Visualizing uncertainty in phylogenetic trees (1:30 PM - 2:05 PM)

-Conveners: Amy Willis
