Flatiron Internal Conference 2022: Flatiron-wide Algorithms and Mathematics

Thursday, October 27, 2022

Efficient representation of low-dimensional functions: Interpolation and integration in low dimensions (tutorial/overview) - 2nd Floor: Ingrid Daubechies Auditorium (9:40 AM - 10:40 AM)

-**Conveners: Manas Rachh**

Efficient representation of low-dimensional functions: Maximum entropy closure for kinetic theories of complex fluids (case study) - 2nd Floor: Ingrid Daubechies Auditorium (10:40 AM - 11:10 AM)

-**Conveners: Scott Weady**
