

# CPSC Meeting

Ian Fisk  
September 23, 2025

# Logistics

We use a captioner for this meeting who makes sure all the spoken things are written down

This is extremely helpful to me in writing minutes

Things that go into the chat window do not get recorded, nor do they typically get saved at the end of the meeting

People are encouraged to make their comments in the meeting

- Hand raising, but also jumping in for short things
- They are discouraged from having parallel conversations in the chat because it's very hard to document what we agreed to

# News

There was not a time that worked for everyone so we'll use 2 times

Tuesday 3PM to 4PM (Eastern)

Wednesday 5PM to 6PM (Eastern)

Next Meeting will be October 8<sup>th</sup> on the Wednesday slot

# Naming

There was an exact tie between two possible committee names

I have made a new google form

<https://docs.google.com/forms/d/e/1FAIpQLSfZbh-0uG9CABSEHDWyYkp539fbiXxacSWu8tFk-1afajLtOg/viewform?usp=header>

Please choose one

(I also emailed the form)

# Awards

The DPF was told by the APS to finalized awards for the coming year

I told DPF we had decided to focus on early career/softly funded and they encouraged us to keep the life time achievement type and not award it, if we didn't want

I would like 1-2 volunteers to organize this
